

Join the *agri benchmark* Academy: Empowering the Next Generation of Pig Farmers

The *agri benchmark* Academy offers future pig farmers from around the world a chance to enhance their expertise in farm management, global economics, animal welfare, and environmental analysis. It is also a unique opportunity to network with pig farmers around the world.

Join us in Seinäjoki, Finland in June 2026

The Academy will be held from June 2nd to 4th, 2026 in Seinäjoki, Finland. The program consists of lectures by a variety of pig farming professionals, visits to interesting stakeholders and farms and many chances to get to know your colleagues from around the world. It is a unique opportunity to connect with fellow farmers and explore sustainable, profitable pig farming.

Why Join the *agri benchmark* Academy?

- Education and Training: Stay updated on the latest trends in pig farming, sustainability, biosecurity, animal welfare, and agricultural technologies.
- Global Perspective: Learn from international experts and gain insights into what drives competitiveness in pig enterprises worldwide.
- Data-Driven Decision Making: Contribute farm data to the international benchmarking platform and make better decisions using the results.
- Technological Innovations: Embrace digital tools and data analytics to improve farm efficiency.
- Networking and Collaboration: Connect with innovative farmers and explore the future of pig farming.

The Concept of the *agri benchmark* Academy

The *agri benchmark* Academy equips future pig farmers to meet the challenges of modern agriculture by focusing on continuous education and skill development. Through training in farm management, global economics, animal welfare, and sustainability, participants gain practical tools to stay competitive. Farmers also contribute their own data to international comparisons, learning how to apply the results to improve their farm operations.

A central element of the program is the *agri benchmark* Global Forum, where participants engage with researchers, industry leaders, and farmers to discuss future challenges such as animal welfare, digitalization, and the competitiveness of pig production.

Program Fee

The program fee is € 850 which includes participation, accomodation, meals, transportation, and the field trips. Notice: the invoice can be used as business expenses in your company.

Please ensure you register by Sunday, May 17, 2026. Places are limited, so don't miss your chance to take part in this exclusive opportunity!
